

Directions To Casa de Luz

From Daniel Oduber International Airport in Liberia (LIR)

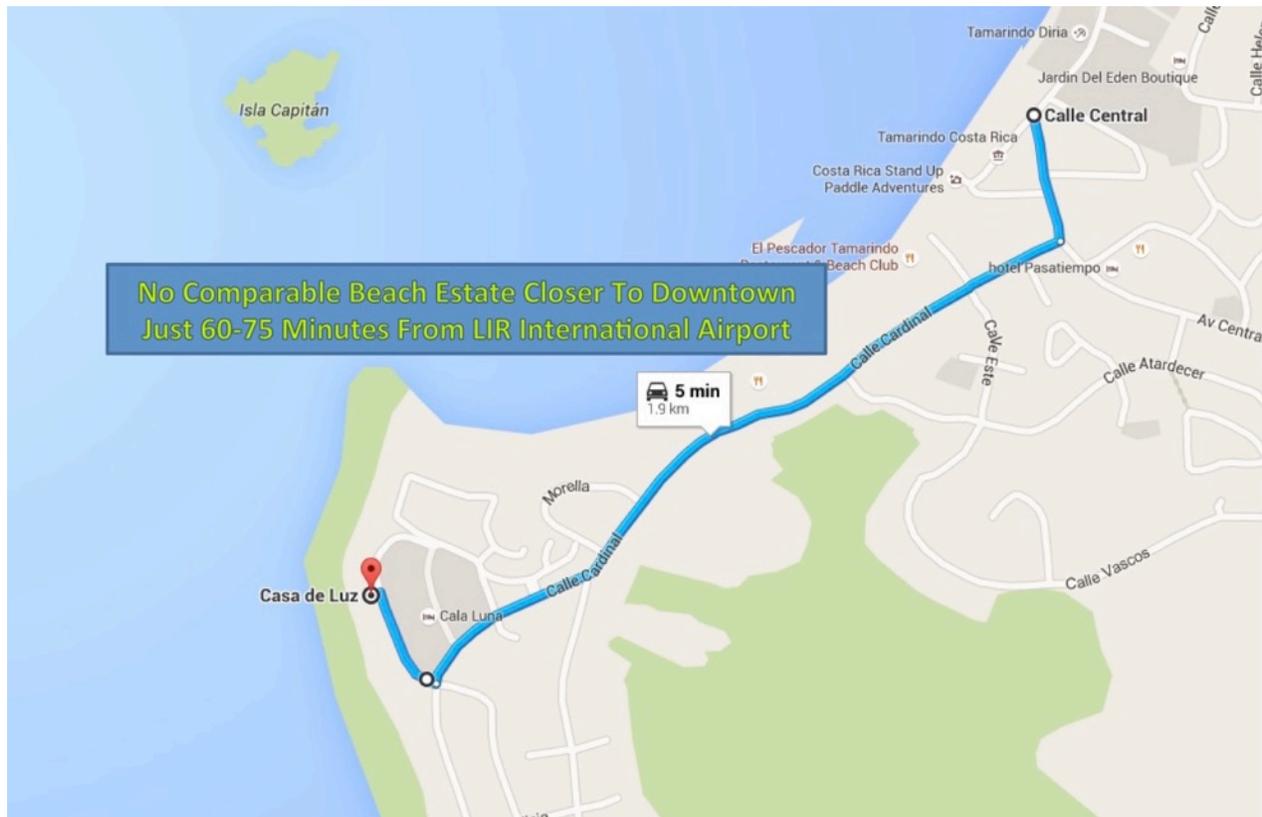

Address:

Casa de Luz, Calle Cantabria, Playa Langosta, Tamarindo 63734, Costa Rica

Note: You may type "Casa de Luz, Tamarindo" in Google Maps to get directions from anywhere. Apple maps do not yet cover our neighborhood.

- From Liberia Airport, turn right onto the main road. If you are coming from San Jose, you can get directions to LIR and continue on this route.
- Once you arrive in Belen (6), turn right following the signs to Tamarindo (and other beaches such as Flamingo).
- Keep going until you hit a T in the small town of Santa Ana (7). Turn left staying on the paved road (if you go right you will be on a dirt road).
- Keep going, and you will pass Gas Station Oasis and then over some hills. The next town is Huacas (8). Keep going straight until you see signs to Tamarindo and turn left.
- Keep going straight until the next town Villareal (9) where you will see signs to Tamarindo and turn right.
- Continue straight to Tamarindo, and you will end up on Calle Central along the beach, entering the map below at the top right. You will pass the Hotel Diria along the beach, then turn left up the main paved road Avenida Central (if you reach the traffic circle on the beach at the end of town, you went one block too far)

- You will pass two short blocks of restaurants and shops on either side before reaching a fork in the main road. Veer right onto Calle Cardinal towards Langosta, which becomes unpaved (but well maintained).
- Follow this road about a mile to Langosta where you will reach another fork. Again stay right, and you will immediately see a multistory commercial building on the left.
- Continue straight until you see two large 7-story condo buildings on your left side. Pass these and take your next right onto the beachfront road, where Casa de Luz is located! The neighbors call this loop road Calle Guapinol, but Google calls it Calle Cantabria. Take your pick - in Costa Rica, street signs are rare, and street numbers nearly unheard of.
- Casa de Luz is almost at the end of the line of beach estates, on the left (immediately before Sueno de Mar B&B, and 3 properties before a multi-story condo building called Crystal Sands). Our name is on the front walk-in entry in large letters to welcome you.
- As you can see from the map above, you can also access Casa de Luz the other way on Calle Cantabria, but that direction has a slope and sometimes becomes rutted.
